PRELIMINARY COMMENTS

Assistant Commissioner for Patents,
Washington, D.C.

Sir:

Please enter the amendment that was filed on September 4, 2001.

In the advisory action mailed on September 11, 2001, the examiner indicates that the new limitations and claims may raise the issue of new matter. Accordingly, the Examiner is requested to consider the following remarks, which point out the support for the new limitations and claims in the specification, as originally filed.

With regard to the language added to claims 15 and 18, support can be found, for example, on page 19, lines 1-4 of the specification, as originally filed.

With regard to new claim 19, support can be found on page 23, lines 8-14 of the specification, as originally filed.

With regard to new claim 20, support can be found on page 12, lines 4-25 and page 23, lines 8-14 of the specification, as originally filed.

In view of the above, it is submitted that the newly added limitations, as well as the newly added claims, have adequate support in the specification, as originally filed.

Respectfully submitted,

Kanji HATA et al.
